HALLOWE'EN PRANK CAUSES A  
SERIOUS INJURY TO RILEY  
MANGUS.

## A CINCINNATI BOY MAY DIE

West Virginia Academy and Public  
School Building Destroyed by  
Hallowe'eners.

Wooster, O., Nov. 1.—George Harvey, an eccentric character, angered at boys who were destroying his property, while hallowe'ening last night, fired two shots at the crowd. The second shot lodged in the right arm of Riley Mangus, 14, inflicting a serious wound.

## ONE MAY DIE

Cincinnati, O., Nov. 1.—One death may result from hallowe'en pranks last night. Because he raised the bonnet off George Logan, a colored masquerader, to see whether he was a real woman or not, Roy Crawford, 22, white, was seriously stabbed. Logan was arrested. John Walker, masquerading as a woman was accosted by a man who asked him to take a little walk. When the man discovered he had been fooled he beat Walker so badly that he was compelled to go to a hospital. At Fifth and Walnut a crowd of young and old men lined up and roughly treated women masqueraders who came along. The dresses were partially torn from two negro women.

## RESULT OF HALLOWE'EN

Alderson, W. Va., Nov. 1.—Alderson academy and the public school building were destroyed by fire last night. The fire is supposed to have been caused by Hallowe'en masqueraders. Loss \$70,000.

## STUDENTS IN JAIL

Lexington, Ky., Nov. 1.—The city workhouse is now sheltering state college students who wounded police officers on the campus last night in hallowe'en sports. When presented in court today they were not ready for trial and the judge continued the cases.

## TRUST COMPANY RESUMES

Philadelphia, Nov. 1.—Easily without discord of any kind, the doors of the Real Estate Trust company were opened this morning and the institution which suspended so sensationally on August 23 resumed business. Receiver Earle is the new president.

Two Soldiers Refused Admission to a  
Skating Rink—Captain Reports  
the Case.

Leavenworth, Kan., Nov. 1.—Two soldiers of Company K, Eighteenth Infantry, stationed at Leavenworth, were refused admittance to a skating rink here. Captain McFarland, commanding the company, wrote a communication to the military secretary of the army, stating that the proprietor said he would admit soldiers only in citizens' clothing. Colonel Hall, commanding the service schools at the post, in his indorsement before sending the letter to the military secretary suggested that if the matter is not remedied trade of Fort Leavenworth be directed from the city and that no more troops be sent to the post, which is to be enlarged.

## CLOSING SESSION OF CONVENTION THURSDAY NIGHT

THE KING'S DAUGHTERS' MEET-  
ING IN NEWARK HAS BEEN  
A BIG SUCCESS.

## AN INVITATION FROM TOLEDO

Election of Officers, Thursday After-  
noon—Organ Recital Enjoyed.  
Reports Submitted.

Thursday night will witness the closing session of the state convention of The King's Daughters and Sons, which has been in progress at the Fifth Street Baptist church since Tuesday, and which is conceded to be the largest convention of the order yet held in Ohio in the thirteen years that it has been represented in this state.

The election of officers for the ensuing year took place Thursday and resulted in the following choice:

State Secretary, Mrs. James McCampbell, Marysville.

Assistant Secretary, Mrs. Carrie G. Cory, Bucyrus.

Recording Secretary, Mrs. O. S. Jo Hantsen, Bellefontaine.

Treasurer, Miss Anna B. McCrory, Marysville.

Member of the Executive committee, Miss Bessie Blake, Gambier.

Member of the Central committee, Mrs. Sophia Waldron, Toledo.

An invitation was received from Toledo asking that next year's convention be held in that city. It is probable that other invitations will be received before the ending of the meeting upon which the executive committee will act later in the year.

Wednesday evening Prof. V. Raymond Nold, organist at Trinity, gave a delightful organ recital, his program including some of the very best compositions. Each number was admirably executed and heartily appreciated. The program lasted 30 minutes.

After the devotions, conducted by the Rev. Joseph A. Bennett of the Fifth street church, H. H. Sailer, secretary of the State Board of Charities,

Mrs. George P. Webb, one of the prime movers among The King's Daughters and Sons of this city, through whose efforts, in part, the State convention was secured for Newark this year.

gave a delightful talk on "Associated Charities," which most favorably impressed the convention, calling forth a responsive throb from the heart of every worker present. Secretary Shiver's talk was a plea for association and uniting the efforts of helping others to help themselves.

The session was concluded with the benediction.

Thursday morning, the first session of the last day of the convention, the

## MR. CARNEGIE RETURNING TO NEW YORK.

MR. CARNEGIE LEAVING THE DOCK.

New York, Nov. 1.—That a contingency in next Republican National convention may force President Roosevelt to accept a renomination is the belief of Andrew Carnegie, who arrived this week from Liverpool. The Laird of Skibo came from his Scottish castle direct to Liverpool with Mrs. Carnegie and little Miss Carnegie.

"Now here is some good copy," said Mr. Carnegie. "We will talk about simplified spelling. There are strange features about the reform of spelling. Every philologist and every man who can be counted as an authority on the subject is for retaining the old system. I have met the leaders in Great Britain and they agree that no language in civilized use is in such a deplorable condition as our own. The three hundred words are just a beginning."

"I see now that joint action will be

opening service was conducted by Mrs. E. A. Smith of Centerburg. The annual reports of the conference were read by Mrs. Rankin of Bellefontaine; Mrs. Fulton of this city, and Mrs. Hagen of Cincinnati, after which an exceedingly helpful discussion of the possibilities of town circles was led by Mrs. Robert Colton of Bellefontaine. Mrs. R. J. Reed of Wheeling, W. Va., gave a talk full of useful suggestions as to how the organization should use its printed matter to the best advantage.

Second Vice President Mrs. R. J. Reed of West Virginia, head counsel, who will conduct the closing service of the Ohio State convention Thursday night.

age. This talk was followed by the report of the tellers on the informal ballot, or nominating ballot, after which adjournment was in order.

The Rev. Thomas L. Kieruan of the Plymouth Congregational church conducted the devotional service which opened the afternoon session, and after prayer, appropriate Scripture readings, and general remarks, Miss Amanda S. Bond of Toledo delivered an address upon the subject "Our Shidore Circle of Foreign Missionaries." The address was highly instructive and ably delivered.

Mrs. C. W. Wartz of Toledo, continued a general discussion of the possibilities of city circles and unions, in which many important and valuable points were gained by the representatives of the various state circles of which there are 61 represented. This was followed by the reports of the auditing committee and the final report of the tellers, the meeting being closed by the quiet hour conducted by Mrs. Sarah Gagle of Toledo.

The last session, beginning at 7:30

taken by the two branches in the United States and Great Britain who are to meet, and I hope that Australia and Canada will be allowed to send delegates. There has been some opposition in England. Dear old Swinburne said Shakespeare was good enough for him, and I had to say that I did not believe that Swinburne could read the first folio that Shakespeare wrote. Shakespeare was the greatest revolutionist that ever coined a syllable. He changed words and coined words. Language should be a service to use. There is no possibility of changing the English language in one generation. Let all help. I do not use 'enough' but 'enuff' or use 'phy' but 'fy'. I practice what I preach, and that is the way to make this go.

"Let us take one word at a time, and if newspapers would do that it would greatly help."

Thursday evening, will be opened by the Rev. L. S. Boyce, pastor of the First Presbyterian church, followed by the report of the committee on resolutions. What promises to be one of the features of the convention will be the address on "Spiritual Development" by Mrs. R. L. McLaurin of Vicksburg, Miss. This will be followed by the consecration service, of which Second Vice President Mrs. Robert J. Reed of Wheeling, W. Va., will have charge. Immediately after this service and the benediction the convention will be formally declared closed.

## THREE ARE DEAD

Two Others Badly Wounded as Re-  
sult of a Murder Committed  
in El Paso.

El Paso, Tex., Nov. 1.—Three bodies are in the morgue and two wounded persons in a hospital as the result of a murder here followed by an exchange of shots between the murderer and policemen. Manuel Rodriguez killed his wife when she returned home and found him in company with another woman. Rodriguez and Chana Ramirez, the woman with him, were killed, and a detective, George Harold, and Jack Glover, a woman, were wounded in the fight that ensued. The fire department was called out and dispersed the excited crowd that collected by pouring water on it with a hose.

## DR. M'INTOSH SUES FOR HIS TWO PASSES

Thomasville, Ga., Nov. 1.—Barnum & Bailey's circus now showing here is minus its largest elephant, because four monkeys had an African quarrel, one of which are in the hands of local officials having been leveled on by Dr. McIntosh. He will be gets a settlement out of the circus for failure to protect his two promised complimentary tickets. McIntosh, who is one of the prominent physicians of the city, owns several species, one of which is a lion. The circus agent for the show promised him two passes to the show for allowing circus posters to be placed in his store windows.

## SPANIARDS DENOUNCE TREATY WITH THE U. S.

Madrid, Nov. 1.—A vigorous attack on the government policy in the matter of commercial treaties led to an excited debate in the chamber of deputies. The Catalan members sharply criticised the treaty of commerce between Spain and the United States of last August, and declared that the Spanish government and no right to modify existing tariffs. The minister of finance, Senor Canalejas, replied that the government's action was intended to safeguard the general interests of the country, which could not be sacrificed for particular interests. The debate went over. The conservatives, acting in conjunction with the protectionists in the liberal camp, are taking advantage of popular feeling against the proposed modification of the tariff in treaties being negotiated with France, Germany and Switzerland, and are endeavoring to oust the government on that issue before the burning question of the separation of church and state is taken up.

## PRESIDENT HAS WRITTEN MESSAGE

DOCUMENT WHICH WILL BE  
SENT TO CONGRESS AL-  
MOST READY.

Forecast of Features That Will be  
Handled—Cabinet Members are  
Consulted.

Washington, Nov. 1.—President Roosevelt has practically finished the preparation of his annual message which goes to Congress next month. With the exceptions of a few paragraphs dealing with the recent Japanese situation and an observation or two regarding Panama the document is complete. The President has talked over the message with the cabinet members and others. It is possible to give a general and fairly accurate forecast of its contents. It is believed the message will contain the following features: A more advanced stand on the inheritance tax; federal supervision not only of the lines of transportation and communication but of the corporations controlling the necessities of life; the sooner the corporations realize they must relieve the growing discontent of the masses the sooner the possibility of a revolution will be removed. Great fortunes should be limited; the message will have a little railroad rate sermon to congress. The President will take occasion again to disclaim intention of remaining in Cuba, will warn the Cubans that they must maintain peace, will urge the early passage of the Santo Domingo treaty and the need of more elastic currency. Congress will be asked to fashion the remedy. The message will devote the usual space to a survey of the government activities in all lines.

## WHITE'S BIG DEAL ALMOST FINISHED IN CINCINNATI

HOLDING COMPANY IS TO HAVE  
A CAPITAL OF SEVENTY-  
FIVE MILLIONS.

## CONFERENCES ALL THIS WEEK

Details Will All be Arranged to Take  
Over Gas Properties in the  
Near Future.

Archie S. White, a former resident of Newark, has about concluded his gigantic deal to take over the C. N. & C. and Union gas properties. The holding company will have a capital of \$75,000,000 and will include Cleveland properties, gas lands and a pipe line. The following from Cincinnati tells of the big enterprise:

Cincinnati, Nov. 1.—As a result of a series of conferences one of the most gigantic financial deals ever swung in this section of the country will be put through before the first of the year.

Terms for the leasing of the Cincinnati, Covington and Newport Light and Traction company, the one factor which has held the gigantic deal in suspense, were yesterday practically agreed upon, and if present plans are carried out that property will pass into the control of the Columbian company, a holding corporation. This same company which will have a capital of \$75,000,000 of which \$50,000,000 will be in common stock and \$25,000,000 in first mortgage five per cent bonds, will also purchase the control of the Union Gas and Electric company, the two Cleveland gas and electric properties, own outright many thousands of acres of oil and natural gas bearing lands in West Virginia, a pipe line to this city, and, without a doubt the Suspension Bridge company here, negotiations for which are under way. The aggregate capitalization of the subsidiary companies will amount to between \$160,000,000 and \$175,000,000.

The Columbian company will have a Board of Directors of 25 members, selected from this city, Cleveland and New York. The conference involving the negotiation of his immense deal were continued today and will continue the rest of the week. A. S. White of New York, who put through the deal leasing the Cincinnati Gas and Electric company, and who is promoting the new deal, is in the city representing the proposed new Columbian company.

## CHAIRMAN GRIGGS

Indignant Because Taft is Going to  
Help Mormons in the State  
of Idaho.

Washington, Nov. 1.—Chairman Griggs of the Democratic Congressional committee is indignant because Secretary Taft is going to Iowa. He says: "I note with sincere regret that Secretary Taft has been ordered to Idaho to make speeches in behalf of the administration, which means that he is going there for the purpose of advocating something this administration has popularly been supposed to detest and abhor. In common with my Democratic colleagues I have voted to uphold this administration and the President's hands in every effort he has made to institute real reforms. However, when he sends his best man into Idaho to assist his administration he is doing nothing except helping to propagate the Mormon faith and advocating the Mormon church, because the Mormon church is the Republican party of Utah and Idaho. To this I enter my solemn protest in behalf of the Democratic party, which is opposed to the Mormon faith, the Mormon church, and its polygamous practices and teachings."

## NEW YORK FOR HEARST.

New York, Nov. 1.—"New York City for Hearst" by from 60,000 to 100,000, is the prediction of Tammany Leader Murphy today. Mr. Murphy is a good forecaster and is ought to know if any one does, but he has a general belief that his prediction has been made before the full force of the McCarran-Crocker cable coup yesterday was realized. Griggs embodied his congratulations on McCarran's action against Hearst in Brooklyn. It is believed Nathan Strauss' open stand for Hearst will carry the East Side Jewish vote.

## THREE CENT FARE ROAD.

Cleveland, Nov. 1.—With six miles of double track the first three cent fare traction line was started here today. The cars were operated on schedule time and were well patronized.

## JUDGE JOS. GARY DIES AFTER LONG TERM ON BENCH

CHICAGO JURIST HELD COURT  
ONLY THE DAY BEFORE HE  
PASSED AWAY.

## OLDEST JUDGE IN CHICAGO

Trial of Anarchists Twenty Years  
Ago Gave Him a National  
Reputation.

Chicago, Nov. 1.—Degeneration of heart muscles caused the sudden death of Judge Joseph E. Gary of the superior court.

He held court as usual Tuesday, but was not in his usual health Wednesday and sent word that he would not hold court. He grew steadily weaker through the day until he expired. Judge Gary was a member of the Cook county bench for 43 years, and was the oldest judge in point of service as well as in years. He occupied a judicial position a greater

length of time than any who sat on the bench in this section of the state. Judge Gary made a national reputation at the time of the anarchist trials in 1886, over which he presided. As the presiding officer at the trial he was repeatedly threatened with death by anarchist sympathizers, and showed wonderful physical courage during a very trying experience that continued many months after the anarchists were executed.

Judge Gary was a native of Potsdam, N.Y. He was born in 1821, admitted to the bar in 1844, and practiced at Springfield, Mo.; Las Vegas, N.M.; and San Francisco, coming finally to Chicago in 1858. He was made a judge in 1883, since which time he occupied the bench continuously.

## COUNT BONI

Will Hart to Fight or Sneak Out of  
Trouble as Best He Can  
in Paris.

Paris, Nov. 1.—Count Boni DeCastellane will soon have opportunity to show his manhood in other ways than beating his wife. The husbands of the women involved in Boni's libelous are ready to demand satisfaction of the little "nobleman." Boni will either have to fight several duels or sneak out of them as best he can.

It is also intimated that he will be invited to resign from all of his clubs. Little doubt is expressed that Countess Anna, nee Gould, will be given her divorce. It is not regarded as possible that Boni will insist upon evidence in support of his wife's charges being presented. While the identity of the women involved was concealed in court they are well known. The husbands of several are noted swordsmen.

This love letters to Boni read in court left no doubt as to the character of his meetings with other women, ranging from titled married women down to demi-mondaines.

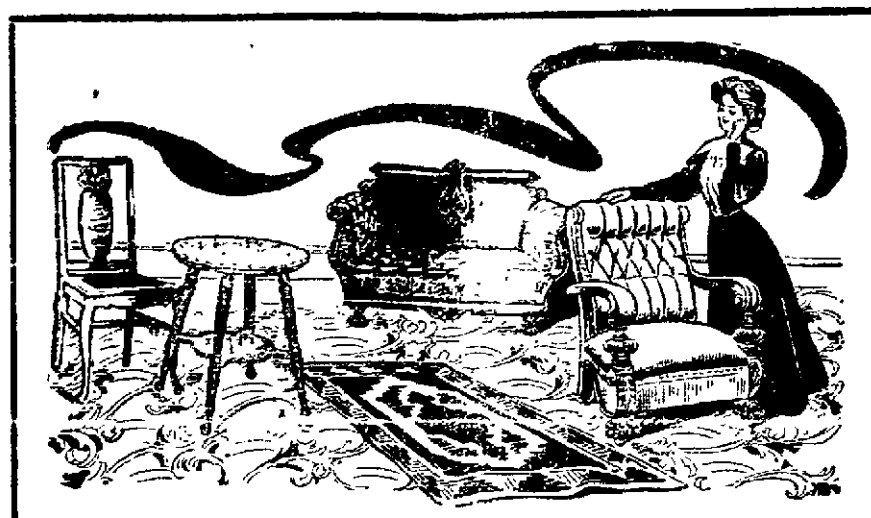

## STANDARD WILL FIGHT

Tonka, Kan., Nov. 1.—Earl Evans of Wichita, attorney for the Standard Oil company, filed a motion in the Kansas supreme court here to make more definite the position of the state in its suit declaring the Standard Oil company a trust. "The Standard will put forth every energy in fighting this suit," said Evans. "I do not believe there is any demand from consumers or producers for this suit. Whatever trouble there is in the oil country is due to overproduction."

## GRANVILLE NEWS

Granville, Nov. 1.—For the first time in a number of years there was a sane celebration of Hallows'en night in Granville. Heretofore all sorts of depredations have been committed both by the young people of the town and the students, but Hallows'en this year was devoid of the boisterousness of other years. While crowds of young people roved the streets until a late hour, they contented themselves with throwing corn, placing a wagon or two in the middle of the street, playing ghost and in various innocent amusements. As far as heard from, no complaints have been made.

The annual initiation exercises of Calliope Literary Society were held on Wednesday evening, Oct. 31st. At six o'clock all the old members, together with the new and their lady friends, met in Calliope Hall, where they enjoyed the following program:

Vocal Solo—Harold Thomas  
Declamation—T. D. Rees  
Et Cetera—Katheth Jewett  
Music—Quartet, J. Harold Thomas, Charles Thomas, Peter Legler, Walter Beattie.

Initiatory Address—President Daniel Dye.

Response for Initiates—EMM P. Legler.

Initiatory Prayer—C. C. Winter.

Calliope Song—Quartet.

At the conclusion of the program, which was greatly enjoyed by all, thirty minutes were given for a guessing contest. Thirty pictures, representing books, were placed on the wall, and to the ones guessing correctly the greatest number of books were awarded prizes. Mr. Patrick and Miss Henley were the winners and received respectively a Denison seal and Denison spoon.

Following the contest a banquet was partaken of, the following menu being served:

Pumpkin Pie Cider  
Cakes Cheese Pickles  
Pears Salmon Sandwiches Apples

At the conclusion of the feast the old fortune teller, characteristic of Hallows'en, appeared and told the future of each of the initiates, and an enjoyable time was had by all who were present.

On election night the ladies of the Woman's Home Missionary Society will serve a chicken pie supper at the M. E. church from 5 until 10 o'clock.

Messrs. Thomas Sargard and Joe Green left Wednesday for Phoenix, Arizona, where it is reported they will purchase a tract of land and engage in the raising of fruit.

Considerable sickness is reported in the village, heavy colds accompanied by sore throats and fever.

Dr. and Mrs. A. K. Follett entertained a number of their friends at a card party Wednesday night. During the evening refreshments were served and those present had a most enjoyable time.

**Human Blood Marks.**

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bar, Ky. He writes, "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemorrhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by F. D. Hall Druggist, 50c and \$1.00. Trial bottle free.

VIENNA LAUGHING AT KAISER WILHELM.

Vienna, Nov. 1.—Sensational developments today in the love affair of Prince Joachim of Prussia, a cousin of Emperor William and Marie Sulzer, concert hall actress to whom he is engaged, have interested citizens here immensely. Incidentally Vienna is laughing at the expense of Kaiser William because of a side light thrown on the character of his cousin to be demonstrated by her latest escapade. It develops that the concert hall singer desiring to have a tulle of her own to match that of Joachim entered an agreement with an agent with Baron Von Liebenberg, an Austrian noble, for a marriage of convenience to give her a title and divorce. The wedding took place in London and the couple separated. The actress promised to pay \$2,000 to the Baron but settled for \$500 and a small weekly income. It is believed in view of the facts in the case the marriage is invalid. Therefore the singer's effort to gain a title fails flat and Joachim will marry plain Marie Sulzer.

### NO MORE BODIES

Found After Last Car of Thoroughfare Wreck Was Raised.

Atlantic City, N. J., Nov. 1.—The third and last car of the Thoroughfare wreck was lifted from the water. When placed on the mud bank the car was in such a condition that it fell apart of its own weight. Diligent search was made for any bodies that might have been wedged in the car, but none could be found. Hats, coats and other wearing apparel were picked up. Mystery surrounds the disappearance of several persons who were known to have been on the train. Their bodies are either held in the mud or floated down with the tide. Local officials say the total death list is 62. It is contended by some that the total loss of life was about 70.

### THEIR POCKETS PICKED.

Lancaster, O. Nov. 1.—Mrs. O. Tisdale and Miss Louise Strubling of this city had their pockets picked of \$16.55 in a store on High street in Columbus Tuesday night.

## Seeing is Believing

You who have eczema, skin diseases, pimples, or even bad complexion, you can see the cause of your trouble.

Any specialist can place a small piece of your skin under a powerful microscope and let you see the cause of disease—tiny, sand-like grains of uric acid.

But let us explain how skin diseases are caused.

### HOW URIC ACID CAUSES SKIN DISEASES

Uric acid is a poisonous part of the body's waste matter.

Your blood always contains some uric acid, but when you eat too much of your system gets run down your blood becomes full of uric acid.

Then these little sand-like grains of uric acid stick in the tiny blood vessels in your skin. They cut their way into the tissues of the skin itself.

If only a few of these uric acid grains lodge they simply make the skin unhealthy, and a muddy complexion or pimples results. If a large amount of them lodge, eczema or tetter or other skin diseases are the certain result.

### LIFE PLANT DRIVES OUT URIC ACID

How can you possibly get uric acid out of the inside of the skin by applying a cream or ointment?

Plainly, to cure eczema or to clear your complexion, the uric acid grains must be dissolved out through the blood, taken out through the same channels in which they got in.

**LIFE PLANT** dissolves out the uric acid. It is a natural solvent for uric acid and the greatest agency known to science for eczema, skin diseases and all ailments caused by uric acid.

**LIFE PLANT** is not a patent medicine. It is used by the greatest specialists.

### SYMPTOMS OF URIC ACID DISEASES

Poor digestion, constipation, headache, backache, deposits of uric acid in urine when allowed to stand—these show the beginning of uric acid diseases. Deposits in the skin, with pimples, eczema and other skin troubles are only a few of the many resulting diseases.

**R** If you have eczema, you can be cured. If you have pimples, muddy complexion, your complexion can be cleared. Remove the deposits of uric acid. Take **LIFE PLANT**. Act at once. Don't wait for further disease.

most simple remedy and one which would cost the state board less money than any other, would be to shut the water off at the reservoir, as it was only permitted to be in the canal for power purposes and that the canal was not built for such a purpose, and that he did not believe Congress ever dreamed of its being used for such when the appropriation was made for its construction. He added that of course the board might see a more advantageous way of doing it and, if so, well enough.

Mr. Edward Thomas, in addressing the members of the board, stated that a number of citizens had waited upon the board on previous occasions with the suggestion that the project owners fill the canal at their own expense and continue the power supply by a pipe line, in this manner making use of it as a street. He said that the board stated at that time that it was powerless to act as suggested, but recommended that a bill to that effect be presented to the legislature. The bill, being presented, in the session, could not receive the desired amount of consideration, but it was promised that the petition would be given further attention at the next session.

J. A. Flory next spoke to the board and citizens. He stated that the property now used by the canal was originally a street and was turned over to the state for use only as a commercial way and that he did not think the state possessed the fee simple of the land under the statutes of 1829. Mr. Flory said that the proposition recently made to the state board was made on the condition that if it were ever again desired by the state as a water way, the land should be restored by the city to the canal in as good condition as it was when taken over.

Now, is the matter stands, there have been just three propositions put to the state board of public works, that the water be let out and the empty ditch left; that the canal bed be filled and the power water pipe through; and last, that the canal be left as it is with the exception that the city and county officials be parties as to an arrangement to remove the bridges and fill the canal along the width of the streets which cross it, placing a duct under these fillings for the purpose of power water.

This latter plan is the more possible and probable and the one which the state board believes can be arranged. The first proposition is believed to be less practicable and the second the state board has not the power to authorize or permit.

### WYOMING VALLEY.

The bad weather the past few weeks has greatly retarded the corn husking and is causing the corn to mold badly in the shocks.

Mrs. Irene Berger of St. Louisville has been spending a few days with her brother in law, Mr. Jacob Berger.

Mrs. Ella Young of Newark spent last week visiting her mother, Mrs. M. L. Reid.

Mr. and Mrs. E. B. Neibarger and daughter, Eva, visited D. H. Berger and family Sunday.

Those on the sick list as announced last week are much improved at this writing.

School is progressing nicely under the management of Miss Gertrude Smith.

Mrs. Maggie and Irene Berger took dinner with Mrs. Sarah Weiss Tuesday.

C. G. Walker was in Newark Saturday.

Monday evening a very enjoyable occasion took place at the home of Jacob Berger, it being the 13th anniversary of their daughter, Florence, and her schoolmates planned a pleasant surprise. To say it was successful would be realized only by those who were there and especially Miss Florence herself. The evening was spent in games, pulling taffy and listening to some beautiful music on the phonograph. Those present were the Misses Gertrude Smith, Martha Coffman, Myrtle Walker, Flora Simpson, Flo and Mable Billingslea, Goldie Beeny and Messrs. Stanley and Guy Claggett, Fred Eshelman, Emory Albright, Harry Hartmann, Leslie Berger, Fred Simpson and Scarr Berger. All departed at a late hour wishing Miss Flora many happy returns in the future.

### ASK INVESTIGATION

On Account of Ugly Rumors About the Holy Ghost Colony.

Portland, Me., Nov. 1.—The text of a petition being signed by clergymen and prominent professional and business men of this city, including three former governors of Maine, asking Governor Cobb to investigate conditions at the Holy Ghost colony at Shiloh, was made public. It reads as follows: "In view of the persistent and seemingly well authenticated reports of gross evils existing in the Sanford community at Shiloh, resulting in suffering and injury to members of the community, especially little children, we, the undersigned clergymen of Maine, respectfully petition your excellency if at all possible to take such measures as your wisdom may dictate to ascertain the exact facts and abate the evils." The petition is the result of the conference of three Portland clergymen with Mrs. Alice Phelps of Kansas City, Mo., who has been unable to persuade or force her daughter to leave the colony.

## WILL O-P LEAGUE BE CHANGED?

Mansfield Special Says Sandusky Will Get A Berth

### NEWARK CAN'T BE DROPPED

OUTLOOK FOR NEXT SEASON IS GOOD FOR A WINNING TEAM

Drafting Season Has Not Hit Local Club Hard—Strong Men Will Be Added.

Fans in Newark are becoming nervous over the reports being printed in the various papers over the state regarding the proposed changes in the O. P. circuit next season. There seems to be a general desire among some of the clubs in the northern and eastern part of the circuit to drop Lancaster and Newark.

Marion also comes in for this plan to cut out the towns in central Ohio and this makes three out of the eight which was planned to be frozen out.

The general understanding here is that each club has one vote in the transaction of the business. Mansfield can't very well vote to drop any of the three towns named for in so doing she will place herself in the embarrassing position of being at the extreme western end of the circuit, and this would put her in line to be dropped also. Besides this, Mansfield doesn't furnish any better week day crowds than Newark and no Sunday ball can be played there either. Besides this, the club finished below Newark in the league race, so she would be no better drawing crowd than any of the three towns slated for the pruning knife.

With but four votes in favor of the re-districting of the territory it would be impossible for the league to accomplish this purpose. The only manner in which it could be done is for Youngstown, Akron, New Castle and Sharon to vote to withdraw from the league, then unite with Sandusky, Erie, Canton and any other town to form a new league. By doing this they would accomplish the same purpose as if they voted us out, which will be impossible.

Newark will be an important factor in O. P. league baseball next year, provided, of course, they are in the league. The business men who have thus far subscribed for stock, are men of influence and the new stockholders are numerous enough to direct the affairs of the company, being in the majority over the other old stockholders. The team will be strengthened by the addition of a number of good players and thus far the team has escaped the draft except in the cases of Linke and Stoupe. It is learned on good authority that both these men will not be used by Columbus next season and that they will be allowed to remain in Newark.

The fans here will find that when the bell rings next season that Newark will be playing better ball at the old stand and that their team will be one to cause some of the first division clubs of this season to "tend to the knittin'" of course if Marty Hogan is in the league next season, and the Youngstown people say he will, the team for 1907 might just as well be awarded to him, for the Youngstown backers are ready and willing to put up money enough to get a pennant winner, no matter what the cost is.

## SANDUSKY WANTS TO JOIN O-P LEAGUE

Mansfield, Nov. 3.—Sporting editors of the various papers over the O. & P. circuit are unanimous in the expression that Sandusky will be admitted to the league at the annual meeting to be held in this city in January. The owners of the leading clubs in the league are unanimous in saying that three, or at least two, of the less prosperous clubs must be dropped as their failure to draw places a handicap upon the other clubs. Just what clubs are to go out is not yet known, but it is practically assumed that Sandusky will get a berth. If a decision of O. & P. and Central league territory could be secured at the meeting of the national commission the league circuit could be adjusted so as to suit the leading club owners. Lancaster is entirely too far distant, and Sandusky could do better as a Sunday town, while their week-day attendance would be about as large if not larger, owing to the many visitors to the lake city every day during the summer. With

the withdrawing of Zanesville, Newark is placed in a peculiar geographical position in the large circuit. While Newark draws very well both as a Sunday and a weekday city, its geographical position will cause the club owners to desire a change if Lancaster is dropped.

Two Sandusky men, who claim that they have \$30,000 back of them, will be present at the annual meeting for the purpose of making a bid for a franchise. Backed up by Ben Johnson, who has interested himself personally in Sandusky's behalf, their chances look good. A stock company will be organized and it is already announced that Herman Schlemmer of Cleveland will in all probability be the manager of the team.

### PILES CURED

Suffering for Years, and Bed-ridden From Piles, a Massachusetts Man is Cured by Pyramid Pile Cure.

Trial Package, Mailed Free to All Who Send Name and Address.

"I tried the sample of your cure you sent to me. I used it and then bought a 50c box. The results were immediate and surprising to me. I assure you. I had been to a dozen of the best doctors and paid much money to them with no results whatever. I had this affliction for 20 years. I was in a hospital for a long time, and I left it physically broken down. I have been so bad for months at a time as to be unable to walk. Having a friend who lost his life by an operation, I desisted from ever having that experiment tried on me. I owe you a debt of gratitude. I believe that piles would be banished from humanity and become an unknown thing, were every one afflicted with them to but spend from 50c to \$1.00 for Pyramid Pile Cure. Its speedy action also makes it extremely favorable for impatient people. I am yours sincerely, George H. Bartlett, Mattapan, Mass."

Instant relief can be gotten by using the marvelous Pyramid Pile Cure. It immediately reduces all congestion and swelling, heals all sores, ulcers and irritated parts.

The moment you start to use it your suffering ends and the cure of your dread disease is in sight.

The Pyramid Pile Cure frequently renders a surgical operation unnecessary. Don't subject yourself to this except as a very last resort.

The Pyramid Pile Cure is put up in the form of "easy to use" specially made suppositories. They are soothing, painless, instant and certain.

A trial treatment will be sent you at once by mail, in plain, sealed wrapper, without a cent of expense to you, if you send your name and address to Pyramid Drug Co., 60 Pyramid Building, Marshall, Mich.

After you receive the sample, you can get a regular size package of Pyramid Pile Cure at your druggist's for 50 cents, or if he hasn't it, send us the money and we will send it to you.

### SMOKING A CIGAR.

Curious Bet That Shows an Impossible Way of Smoking.

"I have a customer who thinks he smokes twenty Wadsworth Bros. Chicos a day," said Collins & Son. "As a matter of fact, he gives away a good many, but is firm in his belief that he smokes more cigars than any other man in Newark. He says he is willing to bet that no man can smoke even one cigar continuously until it is consumed without taking it from his lips, and he has won a good many boxes of Chicos on this simple bet."

"Of course this man's trade keeps us buying Chicos right along, but aside from what we sell him, Chicos have the largest sale of any cigar in our case."

"We warrant it clear Havana filler, and although it sells for five cents it is equal to any ten cent goods. We cannot recommend it too highly."

### MODUS VIVENDI

Will Be Tested by Newfoundland In Dealing With Fishermen.

St. Johns, Nov. 1.—The colonial government has decided to test the validity of the modus vivendi. It issued an official notice enforcing the bait act, which forbids Newfoundlanders to fish on board foreign vessels within colonial waters, and it intends to prosecute one or more colonial fishermen shipped by Americans outside the three-mile limit. After this the supreme court or the privy council will determine whether the modus vivendi overrides colonial enactments. The government calculates that this threat of prosecution will deter colonial fishermen from going beyond the marine boundary to join American vessels, and that the latter therefore will be unable to secure crews to catch herring. As this would nullify the spirit of the modus vivendi, which agrees that nobody shall be penalized for joining American vessels, it is expected to result in trouble between the cabinets at London and Washington, as the latter probably will demand that Great Britain make good the change in the modus vivendi.

### DECOY LETTER

Finally Landed Fugitive Wanted on Charge of Murder.

St. Louis, Nov. 1.—After evading the law for more than two years, being chased from city to city by officers, Robert Samsman of St. Louis, wanted on a charge of having murdered Carl Miller of Holden, Mo., was brought to St. Louis by officers who arrested him Saturday in Chicago. A decoy letter was mailed to him and he was arrested when he called at the general delivery window of the Chicago postoffice. For some time he was employed in Chicago as a painter of church steeples. He was taken to Warrensburg, Mo.

### ACT QUICKLY.

Delay Has Been Dangerous in Newark

Do the right thing at the right time. Act quickly in times of danger. Backache is kidney danger. Doan's Kidney Pills act quickly. Cure all distressing, dangerous kidney ills.

Plenty of evidence to prove this. C. L. Starr, harnessmaker, of 88 Hancock St., Newark, O., says: "My confidence in Doan's Kidney Pills as a kidney and backache remedy is unbounded. In recommending this preparation I speak from experience. For years I was a sufferer from kidney complaint and backache and could get no relief. I had a miserable aching pain in the loins and my back was lame and weak. It was just as bad night or day and when I attempted to stoop or pick up anything a pain would strike me in the back that almost made me fall. If I remained in one position for any length of time and then moved quickly the pain stabbed me like the thrust of a knife. I suffered in this way for years, and all the remedies that I tried failed to help me. I was just as bad as ever when I got Doan's Kidney Pills at Crayton's drug store, and you may believe that I was delighted when the first few doses brought me relief. In less than forty-eight hours the backache was gone and I continued the treatment until entirely free from my old trouble. My wife used Doan's Kidney Pills and they did the same for her, and neither of us have had any return of kidney trouble since using them."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## NO WINE ROOMS IN THIS CITY

CHIEF'S ORDERS ISSUED SEVERAL MONTHS AGO ABOLISHED THIS EVIL.

Red Light District is Free From Resorts, Where Liquor is Furnished to Inmates.

The police department of Columbus is again standing in the lime-light because of the recent expose of one of the leading papers there with reference to wide open wine rooms. That is one thing which the Newark police have well in hand. Chief Sheridan's orders to the "patrolmen are strict in this regard and no female is allowed to enter any saloon or wine room even for the purpose of purchasing liquor to be taken away.

Especially in the "red light" district is this order strictly enforced, and there is not a wine room in operation today. Several months ago the mayor and the chief put the lid down tight on the selling of liquor in resorts. This is not permitted and the ruling resulted in the closing of several of the most objectionable places along Railroad and Walnut streets.

War will be declared on the loafers who make a habit of "hanging out" on the south side of Main street between Fourth and Third streets on Sunday afternoons and some Monday morning will find a squad of these characters in police court for loitering.

### AMUSEMENTS

#### AUDITORIUM TONIGHT.

If royal Mary Tudor was a princess as charming as Grace Merritt portrays her in Shipman's gorgeous production of "When Knighthood Was in Flower," then small wonder that Charles Brandon should have risked his plebeian head to win her; and by the same token, if Brandon was a cavalier as courageous and chivalric as Carroll Daly makes him, what excuse has history to offer for overlooking persons so engaging? Surely any modern Mary would barter royal

GRACE MERRITT

In "When Knighthood Was in Flower," power to wed so brave a wooer—surely any twentieth century Brandon would renounce kingly favor "to have and to hold" so sweet a maid; for though customs and costumes change, fair women and brave men, even in these prosaic days of Edward will make the same sacrifice on the altar of Love as they did in the more romantic days of Henry VIII. At the Auditorium tonight.

#### SWELL ELEGANT JONES.

Ezra Kendall starring in a play written for him, appeared before a good sized crowd at the Auditorium Wednesday night and judging from the applause he made a hit with the theater going public.

His vehicle, "Swell Elegant Jones" was a lively sort of comedy and of course Mr. Kendall had the greatest part of the lines. However several of the members of the cast were good

and played important parts in the fun making of the evening. Taking the play as a whole, many were no doubt disappointed and there was a general desire on the part of the audience for more of the monologue from Mr. Kendall.

#### ORPHIUM THEATER.

St. Julian, the up side down bag puncher and head dancer, is certainly a wonder and does an act that should be seen to be appreciated. He does a clog dance while standing on his head. Remember Friday is amateur night. Two prizes will be given to the best amateurs. School children's 5 cent matinee Saturday at 3 p. m. A handsome doll will be given to the lucky girl. A lady's silk dress will be given Saturday evening. It is now on exhibition at Powers & Miller's all this week. Don't miss visiting the Orphium this week. Get the habit.

#### MERRY MILKMAIDS.

At the Auditorium Saturday night for one performance only, "The Merry Milkmaids" will be repeated. This pretty operetta made such a favorable impression that the company has had requests from enough nearby towns to play a week away from home. It is quite a feather in New ark's theatrical cap to have our local players go ahead and show what they can do. Saturday night last performance here. Don't fail to see it.

#### Fell Under a Car.

Greenacres, Ind., Nov. 1.—William A. McLain, an employee of the Big Four railroad, fell under a moving car and was instantly killed. Through papers found on his person it was learned that his father resides at Butler, Pa., and a wife at Carnegie, Pa.

#### STOPS DRINK CRAVING.

Nothing is responsible for more suffering and misery both to the afflicted one and to his friends and relatives than drunkenness. It will be good news to many in this town to know that Hall's Drug Store is selling a cure called Orrine for which they are authorized to sell under a positive guarantee if it does not stop the drink craving and absolutely cure the drinkard, the money will be refunded. Orrine is in two forms; No. 1 to be given without the patient's knowledge, and No. 2 for those who desire to be cured. The remedy costs but \$1 a package. Mail orders filled. The Orrine Co., Washington, D. C., or ask F. D. Hall to tell you what he knows about this remarkable remedy.

## WORK BEGINS AT BUCKEYE LAKE

BIG RETAINING WALL RUNNING EAST FROM BUCKEYE LAKE PARK.

An Arch Bridge Will be Built Over Entrance to Smaller Artificial Lake.

The water at Buckeye Lake has reached the stage where work has been commenced on the retaining wall at Buckeye Lake Park. This will be a fine improvement at the Park and starts, beginning at the boat landing and running east towards the observatory 500 feet. The wall will be four feet at the base, 18 inches at the top and ten feet high, with palisades and steps leading to the water's edge every 50 feet. The steps will be 10 feet wide and lighted with electric arches, which will give a very beautiful effect. This wall will set 10 feet out into the lake, and when completed will widen the bank to 30 feet along the Buckeye Lake Park front, and also do away with any danger that may have been owing to high water in the spring of the year, as the whole sweep of the eight miles of water is met at this point by the berm bank. The side on the artificial lake will be filled up with rest houses and beautiful attractions, the whole having the effect of a big promenade. Running the entire 500 feet of wall a dock will be built for the use of row boats, launches and steamers that ply on the lake, with plenty of dock room.

A beautiful arch bridge will be erected over the flume leading from Buckeye Lake into the artificial lake which will be ten feet from the high water mark to the bottom of the bridge, which will give those who have cottages at the park an opportunity of bringing their launches, back and forth. The whole effect will not only be very beautiful and add a great deal to the appearance of the park grounds, but will also meet a long felt want in the protection of the water front at the park.

Cannon will be placed along the palisades, which will give the effect of fortifications guarding that part of the lake front.

#### Unseated Minister Elected.

Liverpool, N. S. Nov. 1.—The administration of Sir Wilfrid Laurier won a pronounced victory in a by-election in the Queens-Sheburne district to fill the vacancy in the federal parliament caused by the unseating of W. S. Fielding, finance minister and Liberal leader in Nova Scotia, for irregularities committed by his agents in the general election. Fielding was re-elected by more than 1,000 majority over Dr. W. C. Weldon, the Conservative candidate. The defeat of Weldon by so decisive a vote is attributed to the detection of hundreds of Conservatives, who did not favor opposition to the return of Fielding. The defeated candidate is dean of the law school of Dalhousie university.

## "The Admiral's Star for the Jolly Tar"

Admiral and tar rip the hats to "Star"—it's everybody's good chew. It's both the best and most economical chew made.

"Star" is honest value. Every plug is full 16 oz. weight, and always has been. "Star" quality is the highest as it always has been for over forty years.

# STAR

PLUG CHEWING TOBACCO

still costs the same as when it was first put on the market because it couldn't be cheaper and be so good.

But "Star" is really the most economical plug you can buy because the ripe, fine-bodied leaf in "Star" is elastic and makes a lasting chew—it chews clean, rich and juicy—twice as long as "cheap" chews.

"Star" is the standard chew—standard quality, standard price, standard value—sales equal those of any five other kinds.

### DICKERSON CASE IN CIRCUIT COURT

IT HAS BEEN DEFINITELY SETTLED FOR FRIDAY MORNING NOVEMBER 9.

Judge Donohue Expressed Belief That Matter Can be Disposed of in One Day.

Coshocton, Nov. 1.—The date of the trial of the case of Ben Dickerson, charged with the murder of one of the defendants in error has been definitely fixed for Friday morning, November 9, at 9 o'clock.

Circuit court adjourned Tuesday afternoon at 1 o'clock at the conclusion of the case of William R. Gault vs. Richard Clark, as treasurer. The decisions in the cases heard Tuesday by Judge Donohue and Judge Taggart will not be handed down until the judges return after election. It is possible another judge will be secured to take Judge McCarty's place in order that there may be a full bench for the Dickerson case. The judges have to go to Zanesville again next week, and as there are also some cases to be heard at New Lexington it will therefore be impossible, Judge Donohue stated, for them to return to Coshocton before Nov. 9.

Judge Donohue said that the Dickerson case could be heard in the probate court room and that it ought not to require more than one day.

### THIGH BROKEN

Edward Renlow of Minister, O., is Badly Hurt at Sanford Buckland's Home.

Hebron, O. (Licking) Nov. 1.—Mr. Edward Renlow of Minister, O., met with a painful and serious accident Monday while taking out the drive pipe of a well on the Sanford Buckland farm. The bolt that fastened the pipes together at the top broke and one of them fell on him and broke the thigh bone and dislocated the knee of the left leg and inflicted a dangerous wound on the head, causing delirium. His father arrived Tuesday from his home at Minister and a nurse has been secured from Columbus and he is being well cared for in the home of Mr. Buckland.

### SAWYER KILLED BY CHAS. HARVEY

RAILWAY MEN AT TRINWAY HAD FATAL ENCOUNTER WEDNESDAY NIGHT.

Shot in Heart Man Turned and Walked Away and Then He Fell Dead.

Zanesville, Nov. 1.—Joseph Sawyer a Pan Handle yardman at Trinway, was shot and killed last evening by Charles Harvey, fireman on a local freight that runs between Zanesville and Trinway.

The two men quarreled in the morning and met again last evening in Cox's store at Trinway. The quarrel was renewed and Harvey shot Sawyer twice, once in the chest and the other penetrating his heart. Sawyer re-entered the store, carrying his revolver in his left hand, and remarked to the bystanders, "He shot me here and here. I didn't shoot; my revolver is empty."

With that he walked to the rear of the store room and while unfastening his shirt, fell over dead.

After the shooting Harvey walked over to his engine and resumed work. He was on the engine when arrested by Marshal Carter of Dresden.

### THOUGHTFUL IS BRIDE'S BROTHER

HE TELEGRAPHED HOTEL PEOPLE TO MAKE IT PLEASANT FOR COUPLE.

Mr. Van Buren's Bride Formerly Miss King, Attended College in Granville, O.

Columbus, O., Nov. 1.—Geo. King, of King's Mills, Greene county, a prominent Republican politician and member of his party's state central committee has the welfare of his family at heart. When his sister was married he telegraphed ahead, apprising those who would be called on to look after her comfort of her approach and explaining the situation. Wednesday evening a couple entered the Hartman hotel. He registered, "H. Van Buren and wife, of Pittsburg," and was immediately assigned to one of the best rooms in the house. He thought the hotel people did not know him, but they treated him "like a member of the family." The courtesy shown surprised him a bit, and he chalked up a credit mark to Columbus hotels.

The explanation was simple. On Wednesday the following telegram was received at the hotel. "Reserve room with bath for Van Buren and wife. Will arrive Wednesday night. Congratulations in order. King, of King's Mills."

The room was put in order for the honor to come and the hotel risks wanted. The first man who registered with his wife under the name of Van Buren got the room. What would have happened if the wrong man had arrived first might have been ludicrous.

The couple were married yesterday at King's Mills. The bride is a sister of George King. The bridegroom is a special agent for the Bell long distance telephone lines.

The bride is well known in Granville, where she attended school at Shepardson college.

### BOYS WERE GOOD ON HALLOWE'EN

POLICE SAY THEY NEVER SAW SO QUIET CELEBRATION OF THE OCCASION.

Only Three Reports Received at Headquarters and All for Minor Offenses.

Not in the memory of the "oldest inhabitant" has there been such a quiet celebration of the time honored Halloween. Only three minor reports were received and officers who investigated these calls found that no serious damage had been done and that it fitly consisted of annoying the residents of the various neighborhoods from which the reports originated, by ringing doorbells and throwing vegetables.

Never before in the history of the police department has the young blood of the city so feared the uniformed officer. The arrest of the dozen or more lads Tuesday night for overturning outhouses in East Newark and the wholesale manner in which the police hunted down the offenders, completely awed the boys and many of them remained indoors the greater part of the evening.

Those who did venture out, armed themselves with horns and shelled corn and their celebration stopped with noisemaking and corn throwing. Even the boys with horns were respectfully quiet when they met and passed a blue coat and it was amusing to note that several of the boys in the various gangs encountered over the city stealthily concealed their horns under their coats while passing the cops.

The ringing of doorbells is always a source of great annoyance but it is a harmless amusement. A West Main street resident conceived the idea of putting a rubber cork in his electric push button instead of the white porcelain button and concealing a pin point in the rubber. Several lads who attempted to push the button left the porch on the run with their finger in their mouth.

In nearby towns the celebration was quiet. In Zanesville where last year there was rioting all night, the night was very peaceful and not an arrest was made. In Columbus ruffians made the night hideous on High street, forming in squads and brushing all the people off the sidewalks. Confetti throwing seemed to be the leading form of amusement.

Officer Hager arrested Raymond Smoots, aged 13, of Cedar street, and Ed Sauder, aged 16, of the same end of town on a charge of disorderly conduct. It was charged that the boys were cutting up capers that were not nice. They admitted being with a crowd of girls and boys but stated that they did no serious damage and that the corn throwing and window soaping was done by the girls. There was no evidence against them and the mayor dismissed the cases with a good lecture for the youths.

The eleven boys arrested for being with the crowd Tuesday night which overturned the outhouses Tuesday night, were fined by Mayor McCleary Wednesday afternoon and this action probably saved the people of the city much annoyance.

Chief Sheridan and his men are to be congratulated for the wise and efficient manner in which they handled the youths. The police officials and the mayor are in favor of a "sane celebration" of this day as well as the Fourth of July.

### JUNIUS DANA DIES IN THORNVILLE

Brother of the Great New York Editor Passed Away Wednesday Afternoon.

Junius Dana, brother of the late Chas. A. Dana, of the New York Sun and founder of Dana's Musical Institute of Warren, Ohio, died Wednesday afternoon at Thornville, Perry county, after a brief illness.

Mr. Dana was about 85 years old and until the past summer had enjoyed the best of health. He was one of the pioneer residents of Warren. When he was a young man he established an academy there and ran this for many years. When the Cleveland and Mahoning railroad was put through here he was one of the first conductors and later one of the principal stockholders. He is one of the few old time stockholders, who never disposed of his stock in the old road. The body was taken to Warren on Thursday.

Albert Antisdal, vice president of the American Express Co., died of pneumonia in Chicago.

### NOTICE TO PUPILS.

### Lighting Pipe

Cloth Saturated With Turpentine on Injured Finger Took Fire Burning Mr. Holcomb.

Summit Station, O., Nov. 1.—Mr. G. W. Holcomb, aged 71, who makes his home with his son, J. D. Holcomb, fell Sunday night, running a wire through his finger. Mrs. Holcomb dressed the wound by wrapping a cloth saturated with turpentine around the finger. While Mr. Holcomb was lighting his pipe Tuesday the cloth caught fire from the burning match, badly burning his fingers. The hand is very painful at this writing and it is very uncertain as to what the result will be.
